COMBINING AND SPLITTING DIVISIONS

SCUK provides guidelines for COMBINING and/or SPLITTING divisions in the best interest of providing a competitive environment. Whenever possible, there should be at least 2 teams in any given division and level. The guidelines listed herein will provide the basis for how this will be accomplished. There will be instances, however, where there are not permissible combinations thus having a division that may only have one team.

Definitions for this section:

May means that an Event Producer is **permitted** to combine or split but is not required. Anything that reads **may** is left to the discretion of the Event Producer.

Must means that an Event Producer is **required** to combine or split if the division meets the criteria set forth in the guidelines.

May not means that an Event Producer is **prohibited** to combine or split the division.

WHEN TO COMBINE DIVISIONS

PERMITTED COMBINATIONS:

- Junior Co-Ed Level 5 & Junior Level 5
- Senior Co-ed Level 3 & Senior Level 3
- Senior Co-Ed Level 4 & Senior Level 4
- Open and corresponding University divisions (e.g. University Level 1 and Open Level 1)

A combination applies to single registrations in EITHER division:

- If there is one co-ed registration and/or one all-girl registration, the division **may** be combined.
- If there is one open registration and/or one university registration, the divisions **will** be combined.
- After the division is combined, the Event Producer **must** follow the mandatory split guidelines if applicable.

All Star Cheer Elite Club Senior All-Girl Level 5 Divisions (at bid or non-bid giving events)

Level 5 Senior XSmall, Senior Small, Senior Medium and Senior Large

When registrations leave a division with a single team, Event Producers will look at all possible combinations to ensure competition across divisions. Event Producers **may** combine divisions in one or more of the following permissible combinations:

- XSmall & Small
- XSmall, Small & Medium
- XSmall & Medium (if no small teams are registered)
- Small & Medium
- Small, Medium & Large
- Small & Large (if no medium teams are registered)

All Star Cheer Elite Club Senior Co-ed Level 5 Divisions (at bid or non-bid giving events)

Level 5 Senior XSmall Co-ed, Senior Small Co-ed, Senior Medium Co-ed and Senior Large Co-ed

When registrations leave a division with a single team Event Producers **may** combine divisions in one of the following permissible combinations:

- XSmall & Small
- XSmall, Small & Medium
- XSmall & Medium (if no small teams are registered)
- Small & Medium
- Small, Medium & Large
- Small & Large (if no medium teams are registered)

International Divisions: Co-ed Divisions Only (at bid or non-bid giving events)

When registrations leave a division with a single team Event Producers **may** combine divisions in one of the following permissible combinations:

- International Open Small Co-ed Level 5 & International Open Large Co-ed Level 5
- International Open Small Co-ed Level 6 & International Open Large Co-ed Level 6

PROHIBITED COMBINATIONS:

- **Senior Level 5 XSmall** and **Senior Level 5 Large** size teams **may not** be combined into one division.
- **International Open (All-Girl)** and **International Open Co-ed** divisions **may not** be combined into one division.
- **Teams of different levels may not** be combined into one division.
- **Teams of different ages may not** be combined into one division.

WHEN TO SPLIT DIVISIONS:

SPLIT PARAMETERS:

(A) If it is not possible to implement the mandatory split for any given division, Event Producers may move to any of the next permissible splits so long as there will be at least two teams in each division.

(B) If the mandatory split is implemented, and an Event Producer chooses to implement an additional split, they may choose to implement any or all of the additional splits so long as they follow the guidelines as outlined below.

PROHIBITED SPLIT:

International Open divisions are not permitted to be further split by team size.

ORDER OF SPLITTING: *Specific to divisions that are permitted to split by co-ed/all-girl and team size*

Senior Restricted 5 and Senior Level 4.2

Event Producers will split divisions first by co-ed and all-girl (when applicable) and then by team size (small or large). Both these splits are mandatory if they apply.

Junior Restricted 5

Event Producers will split divisions first by team size (small or large) and then by co-ed and all-girl (when applicable).

MANDATORY CO-ED SPLITS

Co-ed splits only apply to the divisions listed below. If the division is not listed below, a co-ed split is NEVER an option:

When to use the co-ed split: When there will be 2 or more teams in each respective division

Senior Restricted Level 5

· First Split (if possible): Co-ed | All-Girl · Second Split (if possible): Team Size · Optional Splits, when applicable

Senior Level 4.2

· First Split (if possible): Co-ed | All-Girl · Second Split (if possible): Team Size · Optional Splits, when applicable

Junior Restricted Level 5

· First split (if possible): Team Size
· Second Split (if possible): Co-ed | All-Girl · Optional Splits, when applicable

For Junior Restricted Level 5: If a division cannot be split by size (i.e. 5 total teams comprised of 4 small and 1 large), but can be split into co-ed and all-girl divisions with at least two teams remaining in each division, then Event Producers **may** make this split at their discretion, despite not having split the division into small and large. **This is an optional split.**

For Senior Restricted Level 5 or Senior 4.2: If either division cannot be split by co-ed and all-girl but can be split by team size with at least two teams remaining in each division, then Event Producers **must** make this split.

Splits may only occur when there are at least **two** teams that will ultimately be registered in each respective division. **No other division may be split into Co-Ed.**

With the exception of the divisions listed above, all non-Worlds divisions will split as follows so long as there are at least 2 teams in each division after the split occurs:

Mandatory Split (required to split if 2 or more teams will be in each division): Team Size

Optional: Further Split by Team Size

Optional: A|B Division Split

MANDATORY SPLIT: TEAM SIZE SPLIT [when applicable]

Levels 1-4 & 4.2: SPLIT FOR SMALL | MEDIUM TEAM SIZES

Event Producers **must** split the division into Small and Medium divisions when there are at least **two** teams that will ultimately be registered in each respective division. The designation of Small and Medium divisions must follow the team sizes below:

Small = 5–22 members

Medium = 23–32 members

Levels 5R & Junior 5 Divisions (ONLY): SMALL | LARGE SPLITS

Level 5R: Youth, Junior, Senior & Level 5: Junior, Junior Co-ed

Event Producers **must** split the Level 5R and/or Level 5 Junior Divisions into Small and Large team size when there are at least **two** teams that will ultimately be registered in each respective division. The designation of Small and

Large divisions must follow the team sizes below:

Small = 5–22 members

Large = 23–38 members

ADDITIONAL OPTIONAL SPLITS [when applicable]:

Event Producers may or may not choose to further split divisions in the interest of competition. The splits outlined below are OPTIONAL and may be applied in any order. **No division may be subdivided further if it means that only one team will be left in a division**

1. SPLIT BY TEAM SIZE

Levels 1-4 & 4.2: SPLIT FOR XSMALL | SMALL | MEDIUM TEAM SIZES

Event Producers **may** split the division into XSmall and Small divisions when there are at least **two** teams that will ultimately be registered in each respective division. The designation of XSmall and Small divisions must follow the team sizes below:

XSmall = 5-14 members

Small = 15-22 members

If the division is unable to be split by Small and Medium because there is only one team with 23-30 members but there are enough teams to split the division into XSmall and Small/Medium, Event Producers **may** split according to the following team sizes:

XSmall = 5-14 members

Small/Medium = 15-32 members

LEVEL 5R & Junior 5 Divisions SMALL: SPLIT FOR XSMALL | SMALL

Level 5R: Youth, Junior, Senior & Level 5: Junior, Junior Co-ed

Event Producers **MAY** split the Level 5R and/or Junior Level 5 Divisions into XSmall and Small Team size when there are at least **two** teams that will ultimately be registered in each respective division. The designation of XSmall and Small divisions must follow the team sizes below:

XSmall = 5–14 members

Small = 14–22 members

Event Producers must keep teams of 5-22 members in Small division, unless there are enough teams to split 2 teams each into XSmall and Small

LEVEL 5R & Junior 5 Divisions LARGE: SPLIT FOR MEDIUM | LARGE

Level 5R: Youth, Junior, Senior & Level 5: Junior, Junior Co-ed

Event Producers **MAY** split the Level 5R and/or Junior Level 5 Divisions into Medium and Large Team size when there are at least **two** teams that will ultimately be registered in each respective division. The designation of Medium and Large divisions must follow the team sizes below:

Medium = 23-30 members

Large = 31-38 members

Event Producers must keep teams of 23–38 members in Large division unless there are enough teams to split 2 teams each into Medium and Large

2. A/B SPLIT

If after implementing the mandatory split there are **10 or more** teams in any given division, then Event Producers **may** split that division further by squad size. Event Producers will use a name such as “Group A”, “Group B” to denote the split and must clearly define the number of competitors permitted on the team for each of these particular divisions.

SPLIT EXCEPTION FOR TEAMS FROM THE SAME PROGRAM

Teams from the same program **regardless of their location** will not have to compete against themselves if they have 2 teams of different size that coincide with the **MANDATORY SPLIT TEAM SIZE** for their respective levels. A mandatory split would occur even it means that a division is left with only one team performing.

Levels 1-4 and 4.2: Teams from the same program will not compete against themselves if they have a Small and Medium team in the same division and level. There is NOT a mandatory split for XSmall and Small teams sizes from the same program in the same division and level.

Levels 5R and Junior Level 5: Teams from the same program will not compete against themselves if they have a Small and Large team in the same division and level. There is NOT a mandatory split for XSmall/Small or Medium/Large teams sizes from the same program in the same division and level.

NOTE: Teams of the same size from the same program will NOT be split and **must** compete against each other.

3.2 – level 3 building, level 2 tumbling

All teams are combined female/male - prep teams will not be classified as co-ed, regardless of the number of males on a team.

DIVISION SPLITS (NOVICE AND PREP DIVISIONS):

All Star Novice & All Star Prep divisions follow the same rules for splitting by team size as All Star Elite divisions.

Crossovers between All Star Novice, All Star Prep and All Star Elite divisions are not permitted at the same event.

NOTES APPLICABLE TO ALL CHEER DIVISIONS:

Where female/male is specified in the above grids, this means that (other than overall team size) there are no restrictions on number of males.

Event Producers recognise the concern with fielding teams of a broad age range and highly recommend that programmes be vigilant in monitoring participants of various ages on the same team and that, whenever possible, a team's composition is made up of participants of similar ages.

The athletes who perform a routine must remain the same from start to finish and MAY NOT be replaced by another athlete at any time during the performance.

CROSSOVERS:

An individual may crossover from one programme to another within the same event, to one additional team only, regardless of level. An athlete CANNOT compete on two teams within the same division. If an athlete crosses to another programme, they will pay the first entry fee for that additional programme's entry, not the crossover fee.

EXAMPLE 1 - Suzie competes on JR4 and IO5 for UK All Stars; she also competes on S3 for Cheer Allstars - ALLOWED.

EXAMPLE 2 - Liam competes on S2 and OC3 for UK All Stars; he also competes on IOC5 and S2 for Cheer Allstars - NOT ALLOWED.

Crossovers are NOT ALLOWED between Novice/Prep and All Star/International Cheer teams at the same event.

For the 2018-19 season, an athlete is limited to crossing over to 2 additional cheer teams from their programme per competition for a total of 3 cheer performances per event. Crossover limitations do not include athletes that cross over from cheer to dance. **An event producer MAY choose to be more restrictive of crossovers than the rules above by limiting the total number of team entries, performances and/or crossovers to speciality divisions.**

From the 2018-19 season an athlete may compete on ONE TEAM ONLY in the Worlds Bid divisions/rounds.

Routine time limits for all divisions will be minimum of 1 minute 45 seconds to maximum of 2 minutes 30 seconds; with the exception of International Open divisions where the time limit will be a minimum of 1 minute 45 seconds to a maximum of 2 minutes 15 seconds. Please note that if you are competing outside of the UK you need to check with the EP the maximum time limit for a dance routine as there are variances across countries. Please be aware that SCUk plan to introduce a maximum time limit of 2 minutes 15 seconds across all dance divisions for the 2019-2020 season.

*The USASF age range for Senior dance divisions is 11-18 years old. Please be aware that if you accept Summit/Worlds bid or compete in the USA in these divisions, you will need to follow the age ranges as set out by the USASF.

NOTES APPLICABLE TO ALL DANCE DIVISIONS:

Where female/male is specified in the above grids, this means that (other than overall team size) there are no restrictions on number of males.

Event Producers recognise the concern with fielding teams of a broad age range and highly recommend that programmes be vigilant in monitoring participants of various ages on the same team and that, whenever possible, a team's composition is made up of participants of similar ages.

Athletes competing at events must appear on an official event roster or be registered as a replacement athlete.

The athletes who perform a routine must remain the same from start to finish and MAY NOT be replaced by another athlete at any time during the performance.

****For INTERNATIONAL OPEN teams only:**

The eligible age for the athletes will be determined by the "calendar year of The 2019 Dance Worlds®" (December 31, 2019) for its age cut-off date. A calendar year is considered January 1st – December 31st.

*****University divisions:** All members are 17 years old (on August 31st 2018) or older and 90% of the team are current students at the named university. 10% of the team can be past students/alumni, if they have graduated from the named university within the past 4 years.

In the event there is only 1 team in the division, University Dance divisions will be combined with Open Dance divisions.

CROSSOVERS:

Dancer(s) may compete in more than one division and/or category as long as they abide by the age restrictions in all divisions in which they compete.

COMBINING & SPLITTING (DANCE) — Event Producers will combine divisions first by size and then by gender.

1. Combining by Small and Large Team Size- If there are fewer than three teams in Small and/or Large in Mini, Youth, Junior Senior and/or Open Divisions within the same Category, Small and Large divisions will be combined. (Example: If there are two teams in Senior Small Pom and five teams in Senior Large Pom, divisions will be combined into Senior Pom).

Small and Large will not combine if it means that a program will compete against itself. (Example: Senior Small Pom and Senior Large Pom teams from the same program will not be combined into one division that would cause them to compete against each other. If a program chooses to register two teams in the same Age, Team Size and Category (e.g. Senior Small Pom), the teams will compete against each other.

When there are 10 or more teams in any Small or Large division, an Event Producer may further split that division by team size, provided a minimum of three teams remain in all resulting divisions.

2. Combining Age and Gender

If there is only one team registered in any Junior, Senior or Open Division within the same category, the Event Producer will combine (in this order), as long as a program is not forced to compete against itself:

Jr Coed with Jr Male, Sr Coed with Sr Male and Open Coed with Open Male

Jr with Jr Coed, Sr with Sr Coed and Open with Open Coed

Jr with Jr Male, Sr with Sr Male and Open with Open Male

Tiny Division – Event Producers will split the Tiny Division within the same category into Small & Large (as outlined in the grid) if there are 10 or more teams in the division before the split occurs. There must be at least 3 teams in each division once the split occurs.
